Subject: RE: U.S. Ecology of Idaho-Site B and Columbia Ridge Landfill

You contacted the Region 10 Off-Site Rule Contact to find out if the US Ecology of Idaho - Site B U.S. Ecology of Idaho-Site B, 20400 Lemley Road, Grand View, ID (RCRA EPA ID # IDD073114654) and Columbia Ridge Landfill, 18177 Cedar Springs Ln, Arlington OR (ID # ORD987173457) are acceptable to receive CERCLA waste. The US Ecology of Idaho - Site B facility (RCRA EPA ID # IDD073114654) and Columbia Ridge Landfill (ID # ORD987173457) continue to be acceptable to receive CERCLA waste at this time. Please note that an acceptability determination under the Off-Site Rule does not authorize any facility to undertake any waste management practices which have not been previously authorized by permit or regulation and the actual receipt of CERCLA waste by the facility must be in accordance with all federal, state, local, and any other applicable requirements.

If you make additional plans in the future to ship CERCLA waste to this facility, please check again with the Region 10 Off-Site Rule Contact to ensure that the off-site status of the facility has not changed.

Subject: FW: Landfill Compliance

Hi Jennifer Please see the e mail below and can you let me know if these landfills are compliant with EPA's off-site rule ? I'm pretty sure that are. I have stage 2 of my Removal Action scheduled to begin next week.

Thanks

Ravi

Subject: Landfill Compliance

Miles and Will I need to check Landfill compliance with EPAs off site rule. Can you let me know where the subtitle C and D material is going, name of the landfill and location ?

I'm sure it's compliant, I just need to make sure.

Thanks
